“At upDate, we don’t just teach—we transform.”

In today’s fast-changing world, students don’t just need degrees—they need direction, skills, and purpose. At upDate, our goal is to bridge the skill gap between academic knowledge and real-world industry demands. We are committed to offering high-quality, practical, and affordable education that prepares learners for the challenges of tomorrow.

My academic journey across IIT Patna, IIM Ahmedabad, IIM Bangalore, CIPET Raipur, NIT Raipur and NISM Mumbai, along with my hands-on experience in the financial and HR sectors, has shaped my understanding of what today’s learners truly need. I’ve also had the opportunity to work closely with market leaders like Upstox, Bajaj Finserv, Motilal Oswal, 5paisa, and Edelweiss, which further deepens the industry relevance of our offerings.

At upDate, we deliver power-packed, industry-aligned certification programs that equip learners with the most in-demand, job-ready skills. Our focus is clear—shaping corporate-ready professionals through real-world learning, expert guidance, and practical exposure.

We envision a future where education is not a privilege but a powerful tool—accessible to all, regardless of background. Our programs are structured to not just educate, but to empower, ensuring that every learner becomes an asset to the industry and a leader of tomorrow.

Let’s shape the future of learning—together.

Warm regards,

Kirtan Sahu
